CAREER OBJECTIVES

- To work as a Software Engineer applying my knowledge in the field of testing, designing, and maintenance to cater to the specific needs of the people. I wish to work in a team of motivated individuals who wish to work towards the advancement of the company and its goals.
- Would also love to work on designing the UI/UX of softwares and websites as I'm interested in art and I would like to apply that knowledge in the respective field to provide the users a great visual experience.
